

Project Profile

Resthaven Aged Care Facility Roofing

Client	Kennett Builders
Location	Port Elliot, South Australia
Duration	4 Months
Contract	Roofing and Cladding Install on New Building
Cost	\$690,000

Project Overview

McMahon Services were engaged by Kennett Builders to undertake this roofing and cladding project in the small seaside town of Port Elliot, South Australia.

A new multi-million dollar, state of the art aged care facility was recently built, with the facility offering a range of support services for older people. It can house up to 94 people, as well as offering four independent retirement living units on the site.

The project scope included the following:
