Manitou Telehandler MT-X 625 H

Name	Manitou Telehandler MT-X 625 H
Model	MT X 625
Type	Telehandler
Capacity / Size	Lifting Capacity - 2500kg
Manufacturer	Maintou

Resource Overview

The MT-X 625 H handler is the perfect machine for construction work involving lower heights: placing pallets or scaffolding, unloading operations, etc. The compact dimensions of this unit make it perfect for cramped sites, and with its 4-wheel drive and steering you can easily get around, even on cluttered terrain.

To ensure optimum working comfort, the MT-X 625 H is equipped with an ergonomic driver's seat which gives you quick and easy access to all of the information you need. A truly versatile machine, providing 360 degree visibility, lifting capacity of 2,500 kg and lifting height up to 5.85 m, the MT-X 625 H meets all of our on-site needs.
